

PHOTOMETALS
A DIVISION OF PMA INDUSTRIES

OUR CAPABILITIES

COMPANY

FACILITY

Our state of the art manufacturing facility in Phoenix, Arizona was specifically designed for our operations and occupies 65,000 square feet. We meet or exceed all state and federal compliance requirements.

MANUFACTURING PROCESS

All of our products are inspected from raw goods to finished products. Manufactured to exact standards and undergo multiple inspections throughout the manufacturing process, including AS9100 First Article Inspections.

INTERNAL DESIGN

Our team is familiar with a variety of engineering and design files including those from AutoCAD, SolidWorks, Adobe Illustrator, and Corel Draw.

INDUSTRY QUALIFICATIONS

We provide Certificates of Compliance (CoCs) to several of our customers in aerospace, military, transportation, or construction industries. Our certificates play critical roles in validating compliance to standards of the DOD, ADA, Military UID, and ISO.
